

REMARKS

This Amendment and the following remarks are intended to correct a mistake in the response to the Restriction/Election Requirement contained in the April 27, 2007 Office Action filed on May 24, 2007. In that Response, Applicant's provisionally elected Group I, consisting of claims 1-9 and 18-22, for prosecution. All other claims, i.e., 10-17 and 23-25 were canceled in that response. However, in that response, the text of claim 17 was inadvertently included under the listing of claims even though the claim was cancelled. This Amendment is intended to correct the mistake as to claim 17. The listing of claims in the current amendment contains claims 1-9 and 18-22 in their original presentation, while claims 10-17 and 23-25 have been canceled. The text of claim 17 is not included in the current listing of claims.

Conclusion

This Amendment fully responds to the Office Action Restriction/Election Requirement mailed on April 27, 2007. Still, that Office Action may contain arguments and rejections that are not directly addressed by this Amendment due to the fact that they were rendered moot in light of the preceding arguments in favor of patentability. Hence, the failure of this Amendment to directly address an argument raised in the Office Action should not be taken as an indication that the Applicant believes the argument has merit. Furthermore, the claims of the present application may contain other elements, not discussed in this Amendment, which are not shown, taught, or otherwise suggested by the art of record. Accordingly, the preceding arguments in favor of patentability are advanced without prejudice to other bases of patentability.

It is believed that no further fees are due with this Response. However, the Commissioner is hereby authorized to charge any deficiencies or credit any overpayment with respect to this patent application to deposit account number 13-2725.

In light of the above amendments, it is believed that the application is now in condition for allowance, and such action is respectfully requested. Should any additional

Application No. 10/713,980

issues need to be resolved, the Examiner is respectfully requested to telephone the undersigned to attempt to resolve those issues.

Respectfully submitted,

Date: May 25, 2007
